Patricia Strachota  
Jim Taylor  
Brett Vuyk

The Boys & Girls Club of West Bend / Washington County would like to thank you for your donation of the gift certificates for the members of the Boys & Girls Club. These certificates will be given to families who will be unable to get trees this year. Your thoughtfulness is greatly appreciated.

The Washington County Community was in need of an after school and weekend program for children. The Boys & Girls Club does just that by offering programs in the Health & Fitness, Education, Social Recreation, Arts, Personal & Character Development and Outdoor & Environmental Education.

We now serve over 1,100 members between the West Bend and Jackson clubs. Our membership continues to rise every month. The children meet many of their friends at the Club and also many new friends. Friendships continue to grow daily.

We would like to thank you again for your donation for the members of the Boys & Girls Club. The children are realizing that there are people in our community that really do care for them. Our goal is to provide Washington County's community youth with "The Positive Place for Kids".

Sincerely,

Jay Fisher  
Executive Director
