

Hope you all have a wonderful holiday season! My plan for next year, God willing, is to put three more trees in the back (blue spruce and two more maples). We also need to get the grass going in back of the fence. This will have to be done after April 15th, but I need the grass growing by May 31st. We will get another load of scattered boulders, especially for the right side. Then we want to do more landscaping along the side and some in the back, but that's the fall phase. So please keep that in mind and let us know when you think we will be able to get the additional trees down, I would like them setup just like the others. By the time we retire, it should look FANTASTIC!!!!

Thanks for doing such a good job. It makes a real difference now when we go out on the deck. I can see my holy hill!!! I plan on getting one large rock that will have on it MY HOLY HILL! I just have to get it on the top of the hill.

God Bless,

Mary Ann

Thank you so
much for an
excellent job!

Will call you
in the spring

Jim & Midge Waite

Thank you - the wall looks just
great - we are very pleased
Mr. Neal

Thanks so much for the excellent
job - the wall looks so much
better than what we had. Everyone
who has seen it agrees. I know
we will enjoy it for years to come.

Thanks again

John & Jeanne Herman
